Work Experience

Oct. 2021 - Jan. 2022 **Teaching Assistant**, University of Padova, Department of Physics and Astronomy.
M.Sc. course: Machine Learning 21/22.

Mar. 2021 - August 2021 **Research Intern / Master Thesis**, University of Padova, Department of Information Engineering, LTTM research group.
Supervisor: Pietro Zanuttigh.

Education

Oct. 2021 - Present **Ph.D. in Information Engineering**, University of Padova, Department of Information Engineering, LTTM research group.
Supervisor: Pietro Zanuttigh.
Research topic: Federated Learning for Computer Vision.
Fellowship: University scholarship on free subject.

Oct. 2019 - Sept. 2021 **M.Sc. in ICT for Internet and Multimedia**, University of Padova.
Grade: 110/110 cum Laude.
Thesis: Coarse-to-Fine Learning for Semantic Segmentation across Multiple Domains.
Supervisor: Pietro Zanuttigh.
Co-Supervisors: Umberto Michieli, Marco Toldo, Francesco Barbato.

Sept. 2016 - Oct. 2019 **B.Sc. in Electronics Engineering for Energy and Information**, University of Bologna.
Grade: 110/110 cum Laude.
Thesis: Implementation and analysis of a vehicle counter system with Python and OpenCV.
Supervisor: Enrico Paolini.
Co-Supervisors: Gianni Pasolini, Mirko Mirabella..

Sept. 2011 - July 2016 **High School Diploma**, ITTS Leonardo Da Vinci, Rimini.
Grade: 100/100.
Thesis: Laser Harp with touch response

Computer Skills

- Programming and scripting: C, C++, Python, Matlab/GNU Octave, Bash, VHDL, LabVIEW, Java, JavaScript
- Typesetting: LaTeX, Markdown, HTML, CSS
- Scientific Computing: Numpy, SciPy, Pandas, Matplotlib, Scikit-learn
- Deep Learning: PyTorch, TensorFlow, Keras, OpenCV
- System: Linux, Git, HPC, Singularity, Slurm

Languages

Italian	Native proficiency
English	Full professional proficiency, C1
Albanian	Elementary proficiency
French	Elementary proficiency

Awards

2016 European competition "I Giovani e le Scienze", Italian selection for EUCYS and Mostratec International Science and Technological Fair, in Brasil
Project: Laser harp with touch response.

Interests

Programming, Rubik's Cubes, Music, TV Series, Skateboarding.

Other

IEEE Student Member

Reviewer for ICPR

Publications
